Fire Locations

New fires shown in red (last 72hrs), older fires in black

Ten Year (Year-to-Date) Fire Statistics

These values represent the total number of DNR fires and acres burned over the last ten years from January 1 to the date of this report. *Note that the average is calculated on 2011-2020 numbers to allow for editing/finalizing of 2021 statistics.*

Report created from EIRS on: Mon Jun 21 06:01:32 2021

Data Disclaimer: Statistics for DNR Wildfire Reports are compiled in DNR's internal Emergency Incident Response Statistics (EIRS) software from the regional dispatch offices. Statistics are subject to editing, and may vary throughout the season until finalized at the end of the year.
